A Letter in which Minister Comiy is Accused of Official Misbehavior.

YOUR EXCELLENCY: As I had the honor to state verbally to your Excellency to-day at 1 o'clock, P. Contrary to all international laws, usages, courtesy, and decency, unwarranted by any precedent, at the instigation of the missionaries, Minister Comly on the day 18th of August, 1880, threatened his Majesty King Kala-kana to break relations between the United Sates and the Hawaiian Islands if the undersigned was not made to resign the portfolio of Minister for Foreign Relations of the Hawaiian Kingdom, under the pretex that I told a false-hood to him (Comly), viz., that I was well acquained with the Hon. Massra Garfield, Foater, Sherman, and Schurz Since my arrival in the United States on last September I proved my assertions to be right. Are the proceedings of Minister Comly equally right? Again, as I stated verbally, I ask respectfully from the

sentiment of justice of your Excellency to be righted of the gross wrong done to me by Minister Comly. Of your Excellency most obedient servant, CRISO CREAR MORENO, of California.

John Walsh, a butcher, living at 417 Pearl street, who has lived in the United States for twenty-three years, appeared at the place of registry in the Tenth Election District of the Third Assembly District on Tuesday to have his name enrolled by the State inspectors as a voter. After answering the usual preliminary questions, he was asked when he was naturalized, and he answered, "In eighteen sixty-eight." He was asked by one of the inspectors for his certificate of naturalization, which he gave him. The inspector, after looking at the paper, handed it to William Hill, Jr., a Repubican Federal supervisor of elections, who return it to the owner, on the ground that it was fraudulent. On Thursday applied to Justice Patterson, at the Tombe Police Court, for a warrant for the arrest of Hilt on a charge of larceny in taking and withholding his certificate of citizenship. Justice Patterson said that he would not grant a warrant, as the case was not within the jurisdiction of a police magistrate, and to act in it would bring him in conflict with the Federal authorities. MICHAEL KISBANE'S CASE. in 1846, and was thirty-four years of age on the 22d of January, 1880; that he came to this country in 1857, when eleven years of age, and was naturalized in the Su-preme Court of the State of New York on the 13th of September, 1868; that he presented himself for registration on Tuesday, Oct. 5. 1880, at 421 Pearl street, in the district in which he was entitled to register and vote, and asked to be registered; that he offered to the inspectors his certificate of naturalization; that one of the inspectors, after examining the certifiof the inspectors, after examining the certificate, passed it to William Hilt, Jr., who was present as a Federal supervisor of elections; that Supervisor Hilt, after examining the certificate, told Waish that he could neither register nor vote on it; that Walsh thereupon demanded the certificate, but that Hilt refused to give it up; and that in consequence thereof Walsh is prevented from registering as a voter. The affidavit further says that Supervisor Hilt witholds the certificate with the intent of hindering and preventing him (Walsh) from registering himself for voting, and that he does this in violation of sections 5.506 and 5.515 of the Revised Statutes of the United States. The sections of the statutes set forth in the affidavit provides that every person who by any unlawful means interferes with delays, prevents, or obstructs any citizen from doing any act required to be done to qualify him to vote or from voting at any election shall be fined not more than \$500 or imprisoned for not less than one month or more than one year, or both fine and imprisonment; and that every officer of election who neglects or refuses to perform any duty in regard to such election.

shall be punished by a fine of not more than \$500, or by imprisonment of not more than three years, or both.

The affidavit was presented by Walsh, through his counsel. E. Ellery Anderson and George W. Wingate, to United States Commissioner Osborn, and a warrant for the arrest of Hill was applied for. The Commissioner, after advising with Assistant District Attorney Tenney, decided to issue a warrant. Counsel then saw Mr. Tenney, who refused to act in the absence of the District Attorney, but referred them to Judge Biatchford of the United States Circuit Court, The affidavit was presented to Judge Biatch ford at his residence on Friday evening, and he said that he would decide the matter on the following morning.

Walsh was in attendance in the United States Court yesterday morning, with Mr. Anderson, of his counsel. Judges Blatchford and Choate sat on the bench. After the case was called Judge Biatchford said:

The affidavit or complaint in this matter is in the Circuit Court, which has cognizance of all crimes and offences against the law. We deem it proper to consider it as though presented to the court by both Judges. The United States Circuit Court, having power to delegate to the District Judge the exercise of all necessary powers for the reason that questions may arise which will require immediate action.

This complaint was laid before United

and we deem it proper to have concurrent action.

"This complaint was laid before United States Commissioner Deborn, and after his consulting with the District Attorney was referred to this court. The application is for a warrant of arrest against William Hit, Mr., for an alleged offence againt section 5.506 of the Revised Statutes. This section provides that

"Every person who, by any unlawful means hinders, delays, grevents, or obstructs or combines and confectoris, which others to make the confectoris, which others to make a feet of the delay of the delay

saine, ferritory, district, county, city, parish, town-hip, school district, monospality, or other territorial subdivision, shall be fined not less than \$500, or be impresomed not less than soloned to the station one with nor more than one year, or be punished by both such me and imprisonment.

"It is stated and announced that this application is intended to bring up the questions in relation to subservisors of election acting under instructions of the Chief Supervisor. We are of the opinion that this complaint does not authorize the issue of a warrant.

"It appears that Waish came here in 1857, being about 11 years of age; that he resided in the State of New York for more than one year before 1868, and in the United States since 1857; that he was naturalized in September. 1868, in the Supreme Court of the State of New York, and presented himself on the 5th of October, 1889, at the proper place of registration, and asked to be registered; that is to say, he asked the State inspector to register him. He placed his certificate in the hands of the inspectors, littles a supervisor, and was present and engaged in the discharge of his duties. One of the inspectors, after examining the certificate, handed it to him. It further appears that Hilt told the complainant that he could not vote on this certificate, and that Hilt refused to return it, after demand, to this complainant, and it is alleged that, in consequence of Hilt's action, he could not register or vote. Hilt's action, he could not register or the Hilt shall be sufficient. It appears that the inspector examined the certificate; that upon what he saw and learned otherwise he refused to permit Walsh to register. There is nothing in this that makes out any offense against Hilt or that makes him guilty of hindering the plaintiff from registering.

"From this affidavit it does not appear that Hilt had anything to do whatever with his register after examining the certificate of naturalization is concerned, that fact is not an obstruction. It was the act of the ins

Mr. Anderson said that he had prepared another combaint by the same complainant, in which, after reciting the facts already before the Cort it would be shown that John I. The petitioner says that it appears by the acts specified that the said John I. Davenport is not "saithful or capable" in the discharge of his duties as Chief Supervisor, and he prays for an order of the Court for him to show cause way no should not be removed from office.
